

East Hobart Avenue Beach Haven, New Jersey

Project Overview

This project located on a beachfront property in Long Beach Township included demolition and reconstruction of a 2,400 square foot home. The original building was converted from a 2-family building to a single family, 3 story showcase. The project included demolition, new framing, new mechanical and electrical systems, exterior decks, gourmet kitchen, new roof deck and elevator.

Pisano Development Group provided project management services including preliminary planning, contractor bidding and construction project management.

- Construction cost \$600,000
- Construction completed in 10 months
